- Webcam !
- Auto-Dimmer !
- Auto-PowerOn !

Support: 800x480 Driver (Windows 7)

The new CTF-1020 TFT-Display is the latest development from CarTFT.com and comes with many nice features. In any case it is the ideal display- and input-unit for your Laptop, CarPC or HTPC. With the touchscreen functionality you easily can control your PC. The briliant VGA-display ensures a maximum readability and sharpness.

A special feature is the webcam which is integrated in the front (connected to PC via USB on same port as the touchscreen). With this camera you can video phone while on the road !

The device has integrated Stereo-speakers, a rear camera input and the Auto dimmer sensor in the front will enable perfect viewing pleasure also during the night.

AC-Adapter for home usage and a car cigarette lighter adapter is included as well as the IR-remote-control unit and the extra long (2,5 meters) All-In-One connector cable.

The CTF-1020 can be used with any PC/MAC with VGA- and USB port. (Note : Webcam only useable with Windows-PC !).
